DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 56,59,61-66,70 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Wilson 5,082,232.

Wilson teaches a portable computer device having a slot for receiving a locking device comprising a housing, slot engaging member and locking member 16/20 with a pin member 26, all having transverse apertures to receive a cable location fixing means

12.

Allowable Subject Matter

2. Claims 57,58,60,67-69 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

3. Applicant's arguments filed 12/9/02 and 4/22/03 have been fully considered but they are not persuasive. As set forth above, the rejection in view of Wilson still stands. It is maintained that the slot engagement member 20 of Wilson clearly cannot be moved to the unlocked position once inserted into the external wall slot of the computer device 14 and once the lock member 16 and pin member 26 are in place and locked therein by the cable 12. Accordingly, claims 56,59,61-66,70 stand rejected. It is noted that the double patenting rejections and the rejection of claims 63 and 65 under 35 USC 112 have been obviated by the filing of the Terminal Disclaimer and the amendment on 12/9/02.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
